

# TIRED OF SEARCHING FOR PEN FOR SIGNATURE.... WELL THEN SAVE YOUR TIME BY E-SIGNING YOUR DOCUMENTS

## What is e-sign?

E-Sign Electronic Signature Service is an innovative initiative for allowing easy, efficient, and secure signing of electronic documents by authenticating signer using e-KYC services. It has the same legal standing as handwritten signatures, making it a good replacement for traditional signatures.

## Where the eSign Online Electronic Signature Service can be used?

A physical paper form/document which is currently used to obtain digital signature certificate can be replaced by its electronic form and thereby facilitate electronic signature of the signer through eSign

## Benefits of E-signing-

- Save cost and time
- e-KYC based authentication
- Biometric or OTP based authentication
- No concerns regarding key storage and key protection
- Verifiable Signatures and Signatory
- Legally recognized
- Managed by Licensed certifying Authorities

## Enrollment can be done using either your Aadhar or PAN-
